NCP NURSERY & WAYFINDERS

North Crescent Primary continues to shine with its innovative Wayfinders program, which supports children with Special Educational Needs and Disabilities (SEND). The dedication of staff and creative approaches are making a real difference, ensuring that every child has the support they need to thrive in their learning.

Since September the nursery has provided additional places for 2 & 3 year olds. with the extension of its nursery provision.

If you are interested in a place then please contact the school office for an application pack or to book a tour.

RPS NURSERY EXPANSION

Rayleigh Primary is excited to announce the expansion of its nursery provision. Starting in January, the school will offer 26 full-time places for 3-year-olds and 20 full-time places for 2-year-olds.

The new nursery environment is being carefully prepared, and the school is looking forward to welcoming more of our youngest learners in the new year.

CEO REFLECTIONS

This month we have learnt about Emmeline Pankhurst, Muhammad Ali, Alan Turing & Maria Montessori!

Dr. Faris (or a member of our team) reads a book from a series of books called "Little People, Big Dreams" to teach the children about the great things that people do that demonstrates the rights of a child. It's also a great way for adults to learn more than just their story of being famous so we encourage you to take a look. Recordings of our readings can be found [here](#)

YR. 6 TEAM BUILDING

Year 6 students from all three schools came together for an exciting morning filled with a variety of activities!

The children had the chance to participate in volleyball, fire lighting, arts and crafts, den building, football, and much more. It was a fantastic opportunity for students to bond, practice social skills, and make new friends.

The event was not only fun but also a great way for children to collaborate, build teamwork, and enjoy the outdoors in a vibrant, supportive environment. We're looking forward to more shared experiences like this in the future!

OUR VALUES

Across all our schools, the Pro-Social Rewards system has continued to foster positive behaviour. Children earn tokens for their pro-social actions, which are then used to contribute towards class-wide charitable activities. It's a wonderful way to embed values like kindness and community service into everyday school life.

We encourage you to ask them to name the values are and provide examples of how they have been Altruistic, Pioneering or Ethical.

A message from Dr. Faris

This half term so far, I have loved seeing so many lessons across the Trust. I have watched every teacher at least once, and I am pleased to say that the quality of provision offered is high. I have particularly enjoyed seeing the range of art taught across our schools and the time and dedication teachers give to pupils expressing themselves.

I would love to see any artwork you produce at home; please send it to info@schoolsforeverychild.org
